

Proven™ - Why the Choice is Clear

"Patient satisfaction, built on the efficiencies and excellence of NextGen®, is part and parcel to our growth and development"

James L. Holly, MD
Southeast Texas Medical Associates

Winner, HIMSS' Davies Ambulatory Care Award

Benefits

With high user satisfaction, usability, comprehensive clinical content, and strong workflow features, NextGen® EMR stands to provide maximum benefits. Less comprehensive systems will not give you the same benefits! Among NextGen® EMR's benefits:

Increased Revenue

- ▶ Higher patient volume
- ▶ Health maintenance alerts
- ▶ Coding optimization
- ▶ Payer contract leverage
- ▶ Pay-for-performance
- ▶ Provider growth without staff growth

Expense Reduction

- ▶ Transcription savings – up to 100%
- ▶ Paper/postage costs
- ▶ Medical records/coding staff

Reduced Risk

- ▶ Improved documentation
- ▶ Shared information
- ▶ Secure data
- ▶ Medication/allergy checks
- ▶ Decision support

Improved Quality

- ▶ Health maintenance triggers
- ▶ Disease management programs
- ▶ Faster orders and results
- ▶ Fosters provider interaction

Results

More than a thousand clients have transformed their practices with NextGen® EMR and are realizing remarkable success. For example:

Southeast Texas Medical Associates

\$3 million revenue increase

With help from NextGen® EMR, Southeast Texas Medical Associates (SETMA) took home the coveted HIMSS' Davies Ambulatory Care Award and was Physicians' Practice's Runner Up Practice of the Year. They previously were named MS-HUG Clinic of the Year, with more than a \$3 million increase in revenue not long after implementing NextGen®.

Heart and Family Health Institute

Reduction of 22 FTEs

Heart and Family Health Institute is an efficiency specialist. After implementing NextGen® EMR, they proceeded to document 64 separate process improvements in their office and reduced their medical records staff by an impressive 22 FTEs.

Katzen Eye Group

25% revenue increase

Katzen Eye is one of NextGen's premier ophthalmology clients who has proven that NextGen® EMR is the elite system for their specialty. With an impressive 25% revenue increase due to stronger charge capture and coding, along with higher patient flow from device interfacing, Katzen Eye Group sets the bar for paperless ophthalmology practices.
