

James L. Holly, M.D.

John Doran and Larry Holly Named Members of UT Health Science San Antonio Aesculapian Laurette Society

John:

This is this the title and the link in Future to your being named to The Aesculapian Laureate Society. Congratulations. It is significant that the two initial honorees are both members of the 1973 Class. I would like to hear more of your story. Where you live and work? I look forward to corresponding with you. I have shared this note with several of our classmates. Some of the e-mail addresses are probably not current.

Again, congratulations, surely there are others of our class who can join this group, or become active givers to our beloved School of Medicine.

Larry

Alumnus Enjoys Medical Career While Supporting Research
