Subject: RE: SETMA -- Primary Care -- Home Health -- Nursing Facility -- Acute Care Services

Dear Dr. Holly - thank you so much for your most comprehensive email and all of the links to SETMA's most impressive accomplishments. We are particularly grateful to the other members of the SETMA team copied as well. SETMA has an incredible reputation in the State of Texas and beyond so it heartens us tremendously to be granted the opportunity to visit with you.

May we ask for an exact date and a time that works best for us to meet with you next week between Wednesday and Friday? We are all booking our flights tonight to visit next week. Our immediate efforts will be focused on the Harris, Jefferson and the contiguous MRSA. That said, I apologize if I missed any reference to a confirmed time. I am glad to coordinate with your designee. Please let us know who Stephanie Roberts and I can contact to confirm our appointment. if you prefer, you may also send us three time slots that work best for you as well.

Again, we are profoundly grateful to hear from you. We look forward to meeting with you as well.

Thank you very much.

The Optimetra Team
