

James L. Holly, M.D.

Meaningful Use 2 outline of SETMA's deployment July, 2014

Measure	Changes to System Made/Required	Workflow Change	Staff	Comments
1 Computerized Order Entry	Yes	None	Nurses & Providers	All required changes handled in background.
2 E-Prescribing	None	None	Nurses & Providers	We already use the medication module which satisfies all requirements.
3 Record Demographics	Yes	None	Nurses	All required changes handled in background.
4 Record Vital Signs	Yes	Minor	Nurses	NextGen vital signs template added to add SNOMED codes to vitals.
5 Record Smoking Status	Yes	Minor	Nurses	NextGen smoking template added to add SNOMED codes for smoking status.
6 Implement Clinical Decision Support	None	None	Administration	This is an attestation measure which will already fulfill.
7 Provide Clinical Summaries	None	None	Providers	The documents we already create take care of this.
8 Patient Electronic Access	None	None	IT & Administration	NextMD fulfills these requirements but we need more patients enrolled.
9 Protect Health Information	None	None	IT	Covered by our security risk analysis and ongoing network updates.
10 Clinical Lab Tests	None	None	Nurses & Providers	Our lab order process in NextGen/Harvest fulfills this measure.
11 Generate Patient Lists	None	None	IT	We already fulfill this measure with reports and mailings we do.
12 Send Patient Reminders	Yes	IT Only	IT & Administration	We already do this but will need to document a little better.
13 Patient-Specific Education Resources	Yes	None	Nurses & Providers	Changes built onto LESS, etc. to give credit in the background for this measure.
14 Summary of Care Record for Transitions	Yes	Minor	Nurses & Providers	Staff will need to ensure documents are "pushed" when necessary.
15 Medication Reconciliation	Yes	Minor	Nurses & Providers	The way we do it now will work but new, better methods will be available.
16 Immunization Registry	Yes	Moderate	Nurses & IT (for interface)	Entering of immunizations will take longer but billing will be improved.
17 Use Secure Messaging	None	None	Providers	NextMD fulfills this but we need to get patients to use it.
18 Imaging Results	None	None	Providers	Current imaging system will fulfill this measure.
19 Family Health History	Yes	Moderate	Nurses & Providers	NextGen histories templates added to add SNOMED codes to histories.
20 Electronic Progress Notes	Yes	Minor	Nurses & Providers	Staff will need to ensure documents are "pushed" when necessary.
