*Dear SETMA,*

*I'm not sure I have words to express my appreciation. I have spent years searching for the right physician, one who understands me and one who can explain my healthcare in terms I understand. Southeast Texas Medical Associates is truly a blessing. I am so grateful that this level of healthcare and technology is available here where I live.*

*I am eager to take the "baton" as you call it, to take control of my healthcare and you have empowered me to carry out the plan you have explained. Thanks again.*
