Dear SETMA,

I very much enjoyed having the opportunity to meet you and to tour your medical home. I would like to thank you for taking the time to show me around and answer a few questions. Your facility impressed me as a warm, caring place for families to bring their loved ones.

My wife and I are eager to take the "baton" as you call it, to take control of my mother's healthcare and the plan you have outlined. Competent, sensitive physicians like you are the prize of the medical profession. Mom can't say enough good about you. We are so thankful for SETMA.
